PALACE CRIMES,-The New York Herald publishes a long account of the bloody events that took place in Constantinople in the summer of 1876, beginning with the dethronement and death of the Sultan Abdul Az'z, and passing theree to the assassination of two Turkish ministers by Harsin Bey, and next to the deposition of the Sultan Murad, who suceceded Abdul Aziz, and the elevation of the present Sultan Abdul Hamid to the Tuckish throne. According to this account, Abdul Aziz. who, it was ansounced, had committed suicide by cutting the orteries of his arms with a pair of seissors, was the victim of a palace intrigue which brought about his deposition and finally caused him to be first drugged with chloreform and then murdered by a Greek physician, acting under the orders of Hussein Avni Pasha, the Grand Vizier. A month later Hussein Avni Pacha was himself assessmeted by Hassan Bey in the midst of the council of ministers Reschiel Pasha, another member of the minis try, fell by the same hand, at the same time, and Kassorle Pasha, the minister of marine was would de four places. Hassan Bey was after wards and d by the rolei ry of the palace, and two days later was hanged in the square of Bayuzid. Scarcely had Murad seconded the throno left vacant by the death of his uncle, Abdul Azz, than the feud between the 'old Turk' and the new Turk party, of which he was the representative, broke flercely cut. The young Sultan, shocked by the suiden taking off of Abdul Aziz, and hating the power imposed upon him, sought relief from his troubles in stimulards, and soon became mentally and physically prostrated. It is now charged that n slave in the interest and pay of kindrolia diffendi, the Sheik of Islam, plied Murad with hasheesh and other drugs, administered in colice, until he sauk into a state of imbecility. The old Turk party then seized upon his condition as the reason for his deposition. The set was accomplished within to dere deep the second state of the second seco act was accomplished within ten days after he ascended the throne, and Abdul Hamid, the creature of the Sheik ul Islam and the fanatical church party, was preclaimed Sultan and girded with the sword of Osman. Such is the story that new comes to us of intrig to and crime in the palace of the Sultan at Constantinople, with every probability that it is, in the

\$20 PER TON OF 2000 LBS. \$20 I am now prepared to furnish the above valuable tertilizer at the low price of \$20 per ton of 2000 lbs, delivered on ears or boats. It is in its crude state, and farmers in want had better order early, so they can prepare it for fall seeding. There is nothing in this guano but the pure fish with the oil extracted (which is said by all chemists to be no fertilizer.) I can refer to those I sold it to last spring, most of whom have already sent in their orders for more to use on their wheat. THOMAS PERRY, Agent.

The Alexandria Gazetic, begun in 1799, is the oldest newspaper in Virginia, and it has survived, with few exceptions, all the public presses in America which saw with it the dawn of the nineteenth century. It lives, too, not in decay or decrepit, but full of life and youthful vigor, giving all the news, telling the truth without of no man's home, but full to the brim with all public information, and giving daily honest udgments of public men and public measures.

It furnishes the news telegrams of the New York Associated Press and of Renter's European agency, being, with but two exceptions, the only paper between Baltimore and Richmond that is thus connected with the great fountains of the world's nowe.

With the coming year all the long tried and improved methods of making a standard newspaper will be continued, with such additional facilities as part experience justifies the proprietor in believing will add to the capacity of the Gazette to serve its readers. It expects to render faithful service to the city, the state and the country by a candid criticism of men and events in the interest of the people of the Common wealth of Virginia.

The year 1880 will be a period of critical interest in both the Union and the Commonwealth. The election of the eighteenth President of the United States will take place, with all the combinations precedent, and counts; consequences and settlements subsequent, will call for record in the coming volume. The developments of the financial situation, which may portend affin ence and comfort or poverty and privation to thousands, are now in progress, and the columns of the Gazette will note each step as well as chronicle the result. A new and striking foreign policy is among likely events, and the absorbing interest of it cannot be overestimated. In Virginia there is political chars and industrial and commercial depression. The was out of this already completed their Springl'unchases and quagmire will fill many of those paragraphs with information of rare interest.

> To meet all the demands upon it in an exceptional year, the Cazatte will be made a WASH-INGTON and EICHMOND NEWSPAPER, as well as an ALEXANDRIA JOURNAL. The Richmond and Washington news of the past year has left little to improve, but yet greater effort will be made to insure absolute perfection in these departments.

The city of Alexandria will find as usual its daily history in each evening's issue, and the Intelligence of that section of the Commonwealth which nature has bound to Alexandria by the curvature of its mountains or the courses of its rivers as well as that portion linked to us by the iron bands of railways, will be assiduously

The Business and Commercial columns of the Gazette will be filled with the earliest and most exact commercial news, edited with such painstaking cars as will render an error, where even slight errors are dangerous, impossible.

quoted, and regular statements of the Baltimore, Georgetown, Washington and Alexandria cales of cattle will aprear.

The Flour, Grain and Produce movements will be noted daily, and the sales of the Alexandria and neighboring markets given with accuracy and dispatch. The Grocery and other markets will receive constant attention, and the money or stock markets of the country epitomized for its columns, full details being given to all stocks, &c , which find investors in this section of the country.

The advertising columns of the Gazette offer inducements which experience has shown to afford greater returns for a small investment than any other which can be made.

TERMS OF SUBSCRIPTION.

The beginning of the New Year, which in this easo marks the advent of another decade of the world's progress, is deemed a fit time for new features, so that from this date the Gazette for the country (tri-weekly) will be supplied at FOUR DOLLARS per angum, in advance.
